Dear students,

As a distance learning assignment for unit 9B (the Wednesday class on October 20, 2004), please read the attached document

„Designed for Your Industry. Scaled to Your Business. Ready for Your Future.”

You can also retrieve it from the Internet on the very bottom of the page

<http://www.sap.com/solutions/index.aspx>

(follow the link labeled "Designed for Your Industry...")

Make sure you could answer the following questions

- What is the relationship between mySAP ERP and the mySAP Business Suite?
- What is SAP NetWeaver?
- Can you integrate an SAP solution with other SAP solutions and non-SAP solutions easily?
- What is mySAP All-in-one and mySAP Business One? Is there a difference?
- In which business areas will mySAP ERP help you perform? (e.g. Financials,...)
- What are common advantages of all SAP products according to SAP?

Also, search www.sap.com if you want to learn more about SAP.

Those aspects will be covered in the quiz on Monday.

Best wishes,

Martin Hepp
