

**ASWANI K. VOLETY**  
*Curriculum vitae*

**Professor of Marine and Environmental Science**

Florida Gulf Coast University  
Department of Marine and Ecological Sciences  
College of Arts and Sciences  
10501 FGCU Blvd. South  
Fort Myers, FL 33965

Phone. (239)-590-7216  
Fax. (239)-590-7200  
E-mail: avolety@fgcu.edu

**CITIZENSHIP:** United States of America

**EDUCATION**

- Graduate Certificate.** 2009. Harvard Institute for Higher Education. Management Development Program. Graduate School of Education, Harvard University, Massachusetts.
- Ph.D.** 1995 Marine Science. School of Marine Science, College of William & Mary, Virginia
- M.S.** 1988 Zoology with Specialization in Marine Biology. Andhra University, Visakhapatnam, India
- B.S.** 1985 Zoology, Andhra University, Visakhapatnam, India.

**PROFESSIONAL EXPERIENCE**

August 2010 – Present, *Professor of Marine Science and Director* – Vester Marine and Environmental Sciences Field Station and off-campus facilities. Teach classes and support curricula in the undergraduate Environmental Studies, Marine Science programs and graduate programs in Environmental Science and Environmental Studies. Conduct research on the effect of natural and anthropogenic stressors on marine organisms, habitat restoration, and environmental education and outreach. Provide strategic direction and manage operations of the Vester Marine Field Station.

August 2007 – Aug 2010, *Professor and Chair*, Department of Marine and Ecological Sciences, August 2007 – Present, *Professor and Chair*, Department of Marine and Ecological Sciences. Duties of the department chair as described below. In collaboration with the Dean and FGCU Foundation, I worked with community donors to enhance resources to the sciences in the College. I Co-chaired the committee overseeing the construction of two academic buildings at both on- and off-campus locations. I oversee and manage the use of Vester Marine and

Environmental Sciences Research Field Station, as well as the education and outreach programming for the Marine and Environmental Sciences out of the field station.

Research on environmental and anthropogenic stressors on marine organisms, and professional service. Since coming to FGCU, I was successful in securing in excess of \$6 million of external research funds. Funds were used to enhance equipment infrastructure as well as supporting undergraduate, graduate students, research technicians and post-doctoral associate. I am a member of the steering Committee of the World Oyster Society, International Advisory Committee Member and a Key Note Speaker at 3<sup>rd</sup> International Oyster Symposium (Taiwan), co-organized the 8<sup>th</sup> International Conference on Shellfish Restoration in Brest, France (2005), served as a reviewer for various national & international journals, funding agencies, and extensively published in scientific journals and presented at various national and international conferences.

August 2005 – Present, **Chair**, Department of Marine and Ecological Sciences, College of Arts and Sciences.

Teach classes that support curricula in the Environmental Studies, Marine Science, graduate and general education programs. Research on environmental and anthropogenic stressors on marine organisms. Managed course scheduling, staffing, of classes as well as program assessment for the Marine Science program. Responsible for providing strategic direction and leadership to the department, class scheduling, staffing and resource allocation for undergraduate Environmental Studies, Marine Science, Anthropology, General Education Physics, as well as the graduate M. S. in Environmental Science programs. Worked on the development of the M. A. in Environmental Studies program.

August 2004 – 2005, **Chair**, Division of Ecological and Social Sciences, College of Arts and Sciences.

Teach classes that support curricula in the Environmental Studies, Marine Science and general education programs. Research on environmental and anthropogenic stressors on marine organisms. Managed course scheduling, staffing, of classes as well as program assessment for the Marine Science program. Responsible for providing strategic direction and leadership to the department, class scheduling, staffing and resource allocation for undergraduate Environmental Studies, Marine Science, Anthropology, History, Economics, Sociology, as well as the graduate M. S. in Environmental Science programs.

August 2003 – 2005, **Program Leader, Marine Science**, Division of Ecological Studies, College of Arts and Sciences.

Teach classes that that support curricula in the Environmental Studies, Marine Science and general education programs. Research on environmental and anthropogenic stressors on marine organisms. Managed course scheduling,

staffing, of classes as well as program assessment for the Marine Science program.

June 2003, **Visiting Researcher**, IFREMER, *Institut français de recherche pour l'exploitation de la mer*, Brest, France.

August 2002 - 2007, **Associate Professor of Marine Science**, Division of Ecological Studies, and Department of Marine and Ecological Sciences, College of Arts and Sciences.

Teach classes that support curricula in the Environmental Studies, Marine Science and general education programs. Research on environmental and anthropogenic stressors on marine organisms.

August 1999-August 2002, **Assistant Professor of Marine Science**, Division of Ecological Studies.

Teach classes that support curricula in the Environmental Studies, Earth System Sciences and general education programs. Research on environmental and anthropogenic stressors on marine organisms.

#### **National Academy Of Sciences / National Research Council (1997-1999)**

March 1997-August 1999, **National Research Council Associate**, National Health and Environmental Effects Research Laboratory, Gulf Ecology Division, US Environmental Protection Agency, Gulf Breeze, Florida 32561.  
Developed sensitive biomarkers for pollution stress in marine bivalves.

#### **College of William and Mary, Virginia Institute of Marine Science (1990-1997)**

May 1995-March 1997, **Post-Doctoral Research Associate**, Division of Environmental Science, Virginia Institute of Marine Science, Gloucester Point, Virginia 23062.  
Co-Principal Investigator on 2 research grants. Conducted research on host-parasite interactions and the role of environmental factors on these interactions.

August 1990-1995, **Research Assistant**, Division of Environmental Science, Virginia Institute of Marine Science, Gloucester Point, Virginia.

August-December 1992, **Teaching assistant**, Department of Biology, The College of William & Mary, Virginia. Taught a course in Introductory Zoology.

#### **National Institute of Oceanography (1988-1989)**

May 1988-Dec 1989, **Research Fellow**, Division of Biological Oceanography, National Institute of Oceanography, Visakhapatnam, India.

## AWARDS, FELLOWSHIPS & HONORS:

**Editorial Board Member, Journal of Water Resources and Protection (2010 – 2011)**  
([www.scirp.org/journal/jwarp](http://www.scirp.org/journal/jwarp))

**Invited Visiting Professor, University of Brest, France, Summer 2010**

**Coastal America Partnership Award (for Community-based restoration of oyster reefs). Lead Principal Investigator. 2006**

**Florida Gulf Coast University Senior Faculty Scholarship Excellence Award. 2006.**

**Invited visiting researcher, IFREMER, Brest, France. 2003.**

**“Students’ Choice Award” nomination. 2001-2002.**

**National Academy of Science / National Research Council Associateship. 1997.**  
Development of sensitive biomarkers for contaminant stress in shellfish. Scientific Advisor: Dr. William Fisher, US EPA, Gulf Breeze, FL.

**Post-Doctoral Fellowship.** Virginia Institute of Marine Science, 1995. Effects of multiple stressors (e.g. PAHs, PCBs, salinity) on the immune responses and disease susceptibility of oysters. Advisor: Dr. Fu-Lin. Chu.

**Best Student Poster Presentation Award.** Aquaculture / National Shellfisheries Association Conference, February 1-4, 1995, San Diego, California. Biochemical characterization of the oyster parasite *Perkinsus marinus*: Lipid and fatty acid composition.

August 1990-1995, **Research Assistantship**, Division of Environmental Science, Virginia Institute of Marine Science, Gloucester Point, Virginia 23062.

May 1988-Dec 1989, **Research Fellowship**, Department of Ocean Development, tenable in Division of Biological Oceanography, National Institute of Oceanography, Visakhapatnam, India.

M.S. Graduated with a **First Class Distinction** (highest grade), Andhra University, India.

B. S. Graduated with a **First Class Distinction** (highest grade), Andhra University, India.

## GRANTS AND CONTRACTS

Long Term monitoring of oysters *Crassostrea virginica* in the Caloosahatchee Estuary, SW Florida. **PI: A. Volety**. \$1,095,395. Dec 15, 2010 – Sep 30, 2015. South Florida Water Management District.

Evaluation of toxicity of Deep Water Horizon Oil spill and dispersants on the physiological and ecological responses of the commercially and ecologically important Eastern oyster *Crassostrea virginica*. **PI. A. Volety**. \$362,099. Dec 24, 2010 – Dec 31, 2012. Stratus Consulting / NOAA.

Comprehensive Everglades Restoration Plan Oyster Monitoring and Assessment. **PI: A. Volety**. \$30,000. October 15 – Dec 31, 2010. South Florida Water Management District.

Ten Thousand Islands oyster monitoring. **PI: A. Volety**. \$17,500. November 2009 – March 2010. South Florida Water Management District.

Has petroleum exploration and exploitation damaged the North Sea?. \$929. Florida Sea Grant, University of Florida, Gainesville, Florida. Elise B. Newell Seminar Grant. January 2010. Dr. Graham Barry Shimmield, President and Executive Director, Bigelow Laboratory for Ocean Sciences (BLOS). PI: A. Volety.

Development of a Strategic Plan for Florida Gulf Coast University's Vester Marine and Environmental Sciences Research Field Station. **PI: A. Volety**. \$24,070. September 15, 2009 – August 31, 2010. National Science Foundation.

U.S. Department of Education. Congressional Grant. \$333,000. The impacts of variable freshwater inflow on estuarine processes in Southwest Florida. PI: M Parsons; CoPIs: D Fugate, AN Loh, D Rumbold, M Savarese, **SG Tolley & A Volety**. Oct 2009-Sep 2010.

NOAA Center for Sponsored Coastal Ocean Research, Coastal Ocean Program. \$65,108 (of \$1.47M collaborative effort). Marine and estuarine goal setting for South Florida (MARES). Co-PI: **M Savarese, A. Volety**. Jun 2009 – May 2011.

Ten Thousand Islands oyster reconnaissance and salinity study. **PI: A. Volety**. \$49,500. February – September 2009. South Florida Water Management District.

Detoxification and detection of natural toxins to defend against a potential bio-weapon attack. **2009-2010**. PI Barreto, CO-Is J. Sweeney, J. Torres, **A. Volety**. Defense Threat Reduction Agency. \$480,000.

Relationship between freshwater inflows and oyster spat recruitment in Estero Bay Tributaries. **PI: A. Volety**. \$45,000. March –September 2009. South Florida Water Management District.

Enhancement of Public Health Preparedness for Dealing with Bioterrorism: Subproject: New Biocides and Decontaminating Agents for Bio-defense. 2010-2008 PI: J. Barreto FBRC (Florida Bio-Defense Research Consortium; DOD) CO-Is: Drs. T. Beatty, G. McManus, D. Brown. S. Coticone, T. Dubetz, M. Parsons, **A. Volety**. Subproject: May 19, 2008 – May 18, 2010; \$366,625 (~ \$5 million total). DOD #6415-1012-66-A

Environmental education and outreach in Estero Bay. **PI: A. Volety**. \$275,000. January 15, 2008 – September 31, 2010. West Coast Inland Navigation District.

Investigations into the effects of water quality (salinity and food) on two shellfish species: oysters (*Crassostrea virginica*) and green mussels (*Perna viridis*). **PI: A. Volety**. \$30,000. Dec 1, 2008 – Sep 30, 2009. South Florida Water Management District.

Restoration of oyster reefs in Estero Bay. **PI: A. Volety**. \$34,600. April 1, 2008 – Sep 30, 2008. South Florida Water Management District.

Enhancement of Public Health Preparedness for Dealing with Bioterrorism: New Biocides and Decontaminating Agents for Biodefense. PI: J. Baretto; **Co-PI: A. Volety** (Other co-PIs: Thomas Beatty, Diane Bondehagen, David Brown, Sulekha Coticone, Terry Dubetz, Michael Parsons). \$366,625. May 19, 2008 – May 18, 2010. University of South Florida.

Lee County Commercial Fishermen's Council. **PI: A. Volety**. \$25,000. Jan 15, 2008 – Dec 15, 2008. Lee County.

Historical distribution of reef building organisms and their control on coastal geomorphology in the Everglades PI: **A. Volety**, Co-PIs: M. Savarese, A. N. Loh. \$50,000. August 1, 2007 – September 30, 2007. South Florida Water Management District.

Oyster monitoring network in the Caloosahatchee Estuary. PI: **A. Volety**, Co-PIs: G. Tolley, A. N. Loh. \$686,085. June 2007 – June 2010. South Florida Water Management District.

Caloosahatchee Estuary oyster monitoring and research. PI: **A. Volety**. \$50,000. March 12, 2007 – May 31, 2007. South Florida Water Management District.

Ecology of the Florida Keys and Florida Bay. PI: A. Volety, Co-PI: M. Parsons. \$5000. Florida Institute of Oceanography. Nov 2007.

Interactions between Native (*Crassostrea virginica*) and non-native (*Crassostrea ariakensis*) oysters in Chesapeake Bay: potential for spread and ecological impacts and lessons learned. \$988. Florida Sea Grant, University of Florida, Gainesville, Florida. Elise B. Newell Seminar Grant. Nov 2006. (Dr. Mark Luckenbach, Virginia Institute of Marine Science, Virginia.). PI: **A. Volety**.

Molecular Approaches to Early Detection and Detoxification of Red Tides. \$243,750. **Co-PI: A. Volety.** July 1, 2006 – July 1 2009. U. S. Environmental Protection Agency.

Landscape Pattern: Present and Past Distribution of Oysters in South Florida Coastal Complex (Whitewater Bay/Oyster Bay/Shark to Robert's Rivers). PI: **Volety, A.**, Co-PI: M. Savarese, A. N. Loh, and V. Encomio. \$349, 996. April 11, 2006 – April 10, 2009. South Florida Water Management District.

Restoration of oyster reefs in Charlotte Harbor / Caloosahatchee River. PI: **Volety, A.** \$20,000. April 10 – August 23<sup>rd</sup>, 2006. South Florida Water Management District.

Restoration of oyster reefs in Estero Bay. PI: **Volety, A.** \$20,000. April 10 – August 26, 2006. South Florida Water Management District.

Adaptive management and community involvement in restoring oyster reefs in SW Florida. **Volety, A.** \$35,000. Aug 1, 2005 – July 12, 2006. Fish America Foundation / National Oceanic Atmospheric Administration.

Oyster reef restoration in Naples Bay. PI: Savarese, M. and **Volety, A.** \$50,000. June 16, 2005 – May 31, 2007. Naples Bay Initiative of the South Florida Water Management District.

Bivalve molluscs as potential vectors for transport and ecological impacts of Harmful Algal Blooms. \$964. Florida Sea Grant, University of Florida, Gainesville, Florida. Elise B. Newell Seminar Grant. April 2006. (Funds to bring Dr. Sandra Shumway, University of Connecticut for a seminar at FGCU). PI: **A. Volety.**

Substrate and subsurface mapping of Naples Bay using geophysical technologies. PI: M. Savarese, Co-PIs: M., Dellapenna, T., and **Volety, A.** \$50,000. South Florida Water Management District. Feb 2, 2005 – Oct 31, 2005.

Oyster reef health in Pumpkin and Fakahatchee estuaries: baseline monitoring for Ten Thousand Islands restoration. PI: Savarese, M., Co-PIs: **Volety, A.**, and Lee, G.-H. \$182,858. July 1, 2005 – June 30, 2007. Big Cypress Basin of the South Florida Water Management District.

Restoration of shellfish and fish habitat in the Caloosahatchee and Estero Bays. \$30,000. February 2005 – January 2006. South Florida Water Management District. PI: **A. K. Volety.**

Effects of seasonal and spatial variation in salinity on oysters (*Crassostrea virginica*) and associated fish populations: in Estero Bay. \$125,944. Jan 1, 2005 – Dec 31, 2006. South Florida Water Management District. PI: **A. K. Volety**, Co-PI: S. G. Tolley.

The study of Coastal Watersheds in Southwest Florida. \$1,192,900. July 1, 2005 – Dec 31, 2007. Congressional Grant FY 2004. Environmental Protection Agency, PI: S.G. Tolley; Co-PIs **A.K. Volety**, M. Savarese & A.N. Loh.

Research programs at FGCU related to the study of coastal watersheds in SW Florida. \$1,341,200. April 2004-Dec 31, 2005. Environmental Protection Agency. PI: S.G.Tolley, Co-PIs: **A. K. Volety**, M. Savarese, A. N. Loh, and G-H. Lee.

Ecology and Natural History of the Florida Keys and Florida Bay: A Collaborative Undergraduate Research and Education Expedition. A proposal to use the Florida Keys Marine Laboratory. **Volety, A.**, Savarese, M., and Tolley, G. Florida Institute of Oceanography. October 2004. \$3800.

Analyses of the effects of freshwater inflow alteration on oysters (*Crassostrea virginica*) in the Alafia River and Tampa Bypass Canal/McKay Bay estuarine systems. \$21,038.36. July 15, 2004 – December 31, 2004. Southwest Florida Water Management District. PI: **A. K. Volety**, Co-PIs: S. G. Tolley, E. Estevez (Mote Marine Laboratory).

Oyster reef and bay bottom mapping: a preliminary test of new geophysical techniques. \$9,995. May 5, 2004 – Sep 30, 2004. South Florida Water Management District. PI: M. Savarese, Co-PI: **A. K. Volety**.

Application of flow cytometric techniques in bivalve immunology and disease studies to evaluate environmental and anthropogenic stress: an overview. \$1383. Florida Sea Grant, University of Florida, Gainesville, Florida. Elise B. Newell Seminar Grant. March 2004. (Funds to bring Dr. Philippe Soudant, University of Brest for a seminar at FGCU). **PI: A. Volety**.

Caloosahatchee Estuary Oyster monitoring. January 1, 2004 – September 30, 2006. \$175,000. South Florida Water Management District. PI: **A. K. Volety**.

Restoration of shellfish and fish habitat in the Caloosahatchee River – Charlotte Harbor watershed. \$35,000. October 1, 2003 – September 30, 2004. South Florida Water Management District. PI: **A. K. Volety**, Co-PIs: S. G. Tolley, M. Savarese.

Restoration of shellfish and fish habitat in Estero Bay State Aquatic Buffer Preserve. \$20,000. October 1, 2003 – September 30, 2004. South Florida Water Management District. PI: **A. K. Volety**, Co-PIs: S. G. Tolley, M. Savarese.

Characterization of community assemblages in oyster-reef habitats of the Estero estuary: monitoring the ecological impact of watershed management. November 1, 2003 – October 31, 2004. \$53,343. Charlotte Harbor National Estuary Program. PI: **A. K. Volety**; Co-PI's: S. G. Tolley, M. Savarese, and A. N. Loh.

Effect of freshwater inflow on the oysters and oyster reef communities in the Caloosahatchee River. October 1 – September 30, 2004. \$72,000. Mote Marine Laboratory / South Florida Water Management District. PI: **A. K. Volety**, Co-PIs: S. G. Tolley, and M. Savarese.

Community-based restoration of oyster reefs in Southwest Florida / Western Everglades watersheds, \$50,000. October 1, 2003 – May 1, 2005. National Oceanic Atmospheric Administration. PI: **A. K. Volety**. Co-PI's: S. G. Tolley, and M. Savarese.

Internship support – GIS technical assistance, \$6750. October 28, 2003 – May 30, 2004. South Florida Water Management District. PI: **A. K. Volety**.

Florida Institute of Oceanography, St. Petersburg, Florida, \$6,600 Shiptime. Shiptime support for Florida Gulf Coast University's Marine Science curriculum. PIs: S. G. Tolley, **A. K. Volety** and A. N. Loh. April 2004.

Florida Institute of Oceanography, St. Petersburg, Florida, \$2,800. Ecology of the Florida Keys and Florida Bay: A collaborative undergraduate research and education expedition. PIs: **A. K. Volety**, S. G. Tolley and M. Savarese. October 2003.

Community-based restoration of oyster reefs in Charlotte Harbor - Western Everglades watershed: collaboration of secondary and post-secondary education. \$44,176. (April 26, 2003 - April 26, 2004). National Fish and Wildlife Foundation. PI: **A. K. Volety**, Co-PIs: S. G. Tolley, M. Savarese, N. Wilkinson, B. Murphy, R. Wasno.

Mapping of oyster reefs and reef-restoration in Charlotte Harbor. \$45,000. (April 1, 2003 - March 31, 2004). South Florida Water Management District. PI: **A. K. Volety**, Co-PIs: S. G. Tolley and M. Savarese.

Biological effects of suspended sediments on shellfish in the Charlotte Harbor watershed: implications for water releases and dredging activities. \$25,018. (March 1, 2003 - September 30, 2004). Charlotte Harbor National Estuary Program. PI: **A. K. Volety**; Co-PI's: S. G. Tolley, M. Savarese, and G. Romeis.

Oyster health and habitat quality in Fakahatchee Estuary: establishing a baseline performance for Ten Thousand Island estuarine restoration. \$25,000. (March 1, 2003 - February 29, 2004). South Florida Water Management District, Big Cypress Basin. PIs: M. Savarese, **A. K. Volety**, and S.G. Tolley.

Ship time support for Florida Gulf Coast University's marine science curriculum. \$8,800 (ship time). Florida Institute of Oceanography, St. Petersburg, FL. (April 2003). PI: S. G. Tolley, Co-PIs: **A. K. Volety** and M. Savarese.

Effect of river flow on the Benthic biota in the Caloosahatchee River. \$92,275. (October 1,

2002 - September 30, 2003). South Florida Water management District / Mote Marine Laboratory. PI: **A. K. Volety**, Co-PIs: S. G. Tolley, and M. Savarese.

Natural History of the Florida Keys and Florida Bay: a collaborative undergraduate research and educational experience. \$2,500 (laboratory and ship time). Florida Institute of Oceanography, St. Petersburg, FL. PI: M. Savarese, Co-PIs: A. K. Volety and S. G. Tolley. 2002.

Ship time support for Florida Gulf Coast University's marine science curriculum. \$8,000 (ship time). Florida Institute of Oceanography, St. Petersburg, FL. (April 2002). PI: S. G. Tolley, Co-PIs: A. K. Volety and M. Savarese.

Community-Based Restoration of Oyster Reefs and Enhancement of Essential Fish Habitat in Charlotte Harbor Watershed. Charlotte Harbor National Estuary Program. \$19,736. (March 1, 2002 - September 30, 2003). PI: A. K. Volety, Co-PIs: S. G. Tolley, M. Savarese, S. Thurston, N. Wilkinson (Florida Gulf Coast University), B. Murphy (Lee County School District), and R. Wasno (Florida Sea Grant Extension Program).

Relationship between PCB accumulation and reproductive success in sexually mature and immature oysters (*Crassostrea virginica*) exposed via a contaminated algal diet. \$850. Florida Sea Grant, University of Florida, Gainesville, Florida. Elise B. Newell Seminar Grant. March 2002. Seminar title: (Dr. Dr. Fu-Lin E. Chu, Virginia Institute of Marine Science, Virginia.). PI: A. Volety.

Effects of River flow on Caloosahatchee Biota. South Florida Water Management District / Mote Marine Laboratory, \$31,000. (October 1, 2001 – September 30, 2002). PIs: A. K. Volety, S. G. Tolley, and M. Savarese.

Influence of watershed alteration on oyster health and oyster reef habitat: management implications for the Faka-Union and Estero Bays. \$49,725. (February 2002 – January 2003). PIs: M. Savarese, A. K. Volety, and S. G. Tolley.

Investigations into the effects of season and water quality on oysters (*Crassostrea virginica*) and associated fish assemblages: implications of altered freshwater inflow into the Caloosahatchee Estuary. South Florida Water Management District, \$91,423. (April 1, 2001 - June 30, 2002). PIs: A. K. Volety and S.G. Tolley.

Effects of heavy metals and pesticides on health and physiology of oysters in Caloosahatchee Estuary: implications for management of water quality and restoration of oyster reefs. Charlotte Harbor National Estuary Program. \$19, 824. (PI: A. K. Volety; Co-PIs: Bruce Boler, Catherine Hopkins, Karen Shudes (Florida Department of Environmental Protection), and David Ceilley (Sanibel Captiva Conservation Foundation) (July 2001 - September, 2002).

Oysters as indicators of ecosystem health: determining the impacts of watershed alteration and implications for restoration. National Fish and Wildlife Foundation, South Florida Water Management District, Florida Gulf Coast University (FGCU) Foundation, and FGCU, \$115,600. (July 1, 2000 - June 30, 2001). Principal Investigator (PI): A. K. Volety, Co-PI: M. Savarese.

Oysters as indicators of ecosystem health: determining the impacts of watershed alteration and implications for restoration. Faculty Development and Grants Program, FGCU, \$5,000. (July 1, 2000 - June 30, 2001). Principal Investigator (PI): A. K. Volety, Co-PI: M. Savarese.

Investigations into the effects of season and water quality on oysters (*Crassostrea virginica*) and associated fish assemblages: implications of altered freshwater inflow into the Caloosahatchee Estuary. South Florida Water Management District, \$90,000. (July 31, 2000 - June 30, 2001). Co-PI: A. K. Volety and S.G. Tolley.

Florida Sea Grant, University of Florida, Gainesville, Florida. \$989. Elise B. Newell Seminar Grant. April 2000. Seminar title: Appraisal of prospective bivalve immunomarkers for estuarine management. (Dr. William S. Fisher, US EPA, Gulf Breeze, Florida.)

Florida Sea Grant, University of Florida, Gainesville, Florida. \$968. Elise B. Newell Seminar Grant. February 2001. Seminar title: DNA damage and embryo effects in grass shrimp as indicators of genotoxicants in estuarine ecosystems (Dr. Richard F. Lee, Skidaway Institute of Oceanography, Georgia.)

Effects of heavy metals and organic pollutants on the immunological and biochemical responses in the eastern oyster, *Crassostrea virginica*: optimization and standardization of biomarkers. Environmental Protection Agency, \$129,000 (Year 1:\$42,000, Year 2: \$43,000, Year 3: \$44,000) (Principal Investigator, March 15, 1997- March 14, 2000). Principal Investigator: A. K. Volety.

Acid phosphatase(s): A virulence factor of the protozoan parasite, *Perkinsus marinus* against oysters' defense? Oyster Disease Research Program, NOAA. \$76,836. (January 1, 1997 - December 31, 1997). PI: F.L. E. Chu; Co-PI: A. K. Volety.

Uptake of PCB and transport within adult oysters and to embryo and larvae: Potential for reproductive and developmental impairments. Environmental Protection Agency. \$247,122. (January 1, 1997 - December 31, 1999). PI: F. L. E. Chu; Co-PIs: A. K. Volety, R.C. Hale.

Mortality and physiopathology studies of blue crabs infected with the parasitic dinoflagellate *Hematodinium perezii*. Saltonstall-Kennedy Program, NOAA. \$117,868 (July 1, 1997 - December 31, 1998). PI: J. Shields; Co-PI: A. K. Volety

Virginia Institute of Marine Science GSA Mini-grant research award (1994). Title: Lipid and fatty acid requirements of the oyster parasite, *Perkinsus marinus* during development. PI: A. K. Volety

Virginia Institute of Marine Science Minor Research Grant (1993). Title: Dose related response of *Perkinsus marinus* in American oyster, *Crassostrea virginica*. PI: A. K. Volety

Virginia Institute of Marine Science GSA Mini-grant research award (1992). Title: Characterization of acid phosphatase activity in trophozoites and prezoosporangia stages of *Perkinsus marinus*, a protozoan parasite of the eastern oyster, *Crassostrea virginica*. PI: A. K. Volety.

**Volety, A. K.**, Chu, F.L.E and Ozkizilcik, S. Biochemical characterization of the oyster parasite, *Perkinsus marinus*: Lipid and fatty acid composition. Aquaculture 95/ Annual Meeting of National Shellfisheries Association Conference, February 1-4, 1995, San Diego, California.

Chu, F. L. E., **Volety, A. K.**, and La Peyre, J. F. Annual variation of hemolymph components from Deep Water Shoal, James River, Virginia. Aquaculture 95/ Annual Meeting of National Shellfisheries Association Conference, February 1-4, 1995, San Diego, California.

Chu, F. L. E., Hale, R., **Volety, A. K.**, and Constantin, G. Relationship between pollution and susceptibility to infectious disease in the eastern oyster, *Crassostrea virginica*. Eighth International Conference on Pollutant Responses In Marine Organisms, Monterey, California, 1995.

Chu, F. L. E., **Volety, A. K.**, and Ozkizilcik, S. Role of lipids and fatty acids in development and proliferation of the oyster parasite, *Perkinsus marinus*. Seventh International Conference of European Association of Fish Pathologists, 10-15 September 1995, Palma de Mallorca.

**Volety, A. K.**, and Chu, F. L. E. A comparative study of acid phosphatase in the parasite *Perkinsus marinus* and its host *Crassostrea virginica*. Annual Meeting of National Shellfisheries Association Conference, April 24-28, 1994, Charleston, South Carolina.

Chu, F. L. E., **Volety, A. K.**, and Constantin, G. Synergetic effects of temperature and salinity on the response of oysters (*Crassostrea virginica*) to the pathogen, *Perkinsus marinus*. Annual Meeting of National Shellfisheries Association Conference, April 24-28, 1994, Charleston, South Carolina.

**Volety, A. K.**, and Chu, F. L. E. Inhibition/suppression of superoxide ion production in the hemocytes of *Crassostrea virginica*, by the protistan parasite *Perkinsus marinus*. Sixth International Colloquium on Pathology in Marine Aquaculture. April 28 - 30, 1995, Montpellier, France. 1994.

**Volety, A. K.**, and Chu, F. L. E. Infectivity and pathogenicity of two life stages, meront and prezoosporangia of *Perkinsus marinus* in Eastern oysters, *Crassostrea virginica*. Annual Meeting of National Shellfisheries Association Conference, May 31-June 3, 1993, Portland, Oregon.

Chu, F. L. E., Burrenson, C. S., **Volety, A. K.**, and Constantin, G. *Perkinsus marinus* susceptibility in Eastern (*Crassostrea virginica*) and Pacific (*Crassostrea gigas*) oysters: Temperature and salinity effects. Annual Meeting of National Shellfisheries Association Conference, May 31-June 3, 1993, Portland, Oregon.

Chu, F. L. E., **Volety, A. K.**, and Hale, R. C. In vitro effect of toxicants derived from polluted sediments on activities of hemocytes from the oyster, *Crassostrea virginica*. 1992 World Congress on Cell and Tissue Culture, June 20-25, 1995, Washington, D. C.

## **TEACHING EXPERIENCE:**

**Average student teaching evaluation: 4.6 / 5.0.**

Master's Thesis; Marine Science capstone course; Marine Ecology (undergraduate); Marine Ecology (graduate); Internship in Interdisciplinary Natural Sciences; Senior Project Research in Interdisciplinary Natural Sciences; Senior Project Presentation in Interdisciplinary Natural Sciences; Marine Systems; Scientific Writing; Shellfish Immunology; Senior Project Research in Environmental Studies; Senior Project Presentation in Environmental Studies; Environmental Practicum; Internship in Environmental Studies; Shellfish Ecology; Ecotoxicology; Environmental Toxicology; Scientific Process; Analytical Biochemistry.

**MENTORSHIP / ACADEMIC ADVISING**

***Graduate Students: (Major Advisor)***

Stephen Cullipher, M. S. Environmental Science, FGCU (Co-advisor; 2010)  
Holly Abeels, M. S. Environmental Science, FGCU (2009)  
Andrew Griffith, M. S. Environmental Science, FGCU (anticipated graduation 2010)  
Robert Wasno, M. S. Environmental Science, FGCU (anticipated graduation 2010)  
Erin Dykes, M. S. Environmental Science, FGCU (anticipated graduation 2010)  
Christina Panko, M. S. Environmental Science, FGCU (2006)

***Graduate Students (Committee member)***

Ian Dow, M. S. Marine Science, University of South Florida (2008)  
Julie Van Horn, M. S. Environmental Science, FGCU (2007)  
Bethany Bachelor, M. S. Environmental Science, FGCU (2010)  
Laura Walls, M. S. Environmental Science, FGCU (2006)  
Sasha Linsin, M. S. Environmental Science, FGCU (2007)

***Post-Doctoral Advisor for :***

Dr. Vincent Encomio, Ludovic Donaghy.

***Host and mentor:***

Madeleine Goncalves, Visiting Scientist, Brest, France

***Undergraduate Senior Research Projects and Presentations***

2010. Stephanie Goodwin. B. A. Marine Science, FGCU. Temperature tolerance of green mussels, *Perna viridis*.

2010. Arianne Paul. B. A. Marine Science, FGCU. Effect of salinity changes on the osmolality of green mussels, *Perna viridis*.

2009. Bonnie Getter, B. A. Environmental Studies, FGCU. Effect of salinity and

desiccation on the survival, growth and physiological response of green mussels, *Perna viridis*.

2008. Heather Benton, B. A. Marine Science, FGCU. Growth and survival of clams *Mercenaria mercenaria* and oysters *Crassostrea virginica*, in an intertidal lagoon in Naples Bay, FL.
2005. William Blum, B. A. Environmental Studies, FGCU. Seasonal and spatial variation of condition index and spat recruitment of oysters in the Caloosahatchee estuary.
2005. Stephanie Martin, B. A. Environmental Studies, FGCU. Effect of various sediment sizes and duration exposure on the responses of the freshwater clam, *Rangia cuneata*.
2005. Jessica Alexander, B. A. Biology, FGCU. Effect of the anti-malarial drugs, Quinine and curcumin on the viability / metabolic activity of the protozoan parasite, *Perkinsus marinus*.
2005. Matthew Logan, B. A. Environmental Studies, FGCU. Effect of beach re-nourishment on sea turtle nesting and hatching success.
2005. Laura R. Markley, B. A. Biology, FGCU. The effect of copper exposure on hemocyte number and intensity of *Perkinsus marinus* infections in *Crassostrea virginica*
- 2004: Jessica Neal, B. A. Environmental Studies, FGCU. Seasonal variation of glycogen levels in oysters from the Caloosahatchee River, Florida.
- 2004: Jennifer McManus, B. A. Biology, FGCU. Effect of copper on the *in vitro* and *in vivo* responses of oysters.
2004. Alicia Kruse, B. A. Environmental Studies, FGCU. Uptake kinetics and effect of antimalarial drug, quinine on the oyster pathogen, *Perkinsus marinus*.
- 2002: Matthew Hooper, B. A. Environmental Studies, FGCU. Effect of salinity on survival and growth of juvenile oysters, *Crassostrea virginica*.
- 2002: James A. Stantiford, B. A. Environmental Studies, FGCU. Watershed alteration effects on glycogen levels in oysters.
- 2002: Erin Rasnake, B. A. Environmental Studies, FGCU. Acute effects of a model heavy metal, copper, used in agricultural fields on oysters, *Crassostrea virginica*.
- 2002: Rashel Grindberg, B. A. Biology, FGCU. Chronic effects of endosulfan on growth, survival and energy reserves in bivalves.

- 2002: Erik Hansen, B. A. Environmental Studies, FGCU. Effect of over seeding and fertilization of rye grass during winter on native grass: changing cultural practices on the golf course to protect the environment.
- 2001: Gayle Boyle, B. A. Environmental Studies, FGCU. Chronic effects of a model heavy metal, copper, used in agricultural fields on growth and survival of oysters, *Crassostrea virginica*
- 2001: Prachi Ashar, B. A. Biology, FGCU. (co-mentor with Dr. Jose Barreto). Synthesis and evaluation of toxicity of bio-diesel on *Daphnia magna*.
- 2000: Jason Barowski, B. A. Biology, FGCU. Detection and culture of *Enterococcus* sp. From pore waters of Santa Rosa Sound, Florida.
- 2000: J. T. Lison, B. A. Biology, FGCU. Effect of acute salinity changes on uptake and killing of *Virbrio parahaemolyticus* by oysters.
- 2000: Craig Thompson, B. A. Environmental Studies, FGCU. Investigations of *Perkinsus marinus* prevalence, health and distribution of oyster reefs in Estero Bay, Florida.

*National Science Foundation funded undergraduate summer internship* (with Dr. Fu-Lin Chu, VIMS, The College of William and Mary, Virginia.)

- 1996: Christine Forsythe, Coastal Carolina University, Conway, South Carolina. Characterization and optimization of extracellular acid phosphatase activity of the protozoan parasite, *Perkinsus marinus*.
- 1995: Sandra Merrill, Reed College, Portland, Oregon. Role of lipids in the oyster protozoan parasite, *Perkinsus marinus* (Dermo): A preliminary investigation of lipid metabolism.
- 1994: Richard Amar, College of William and Mary, Williamsburg, Virginia. Effect of sodium stibogluconate, an antiprotozoal drug, on the viability of the oyster parasite *Perkinsus marinus*.
- 1993: Arnita Ford, Jackson State University, Mississippi. Comparison of chemiluminescent response of *Perkinsus marinus* exposed and unexposed eastern oysters (*Crassostrea virginica*).
- 1992: Mentored Governor's High School student during the summer of 1992.

- 2007.** *"Otters – Ecology, Behavior and Conservation"* by Hans Kruuk. Oxford

Publishers, For **Choice** Magazine.

**2008.** *Oceans past: management insights from the history of marine animal populations*, ed. by David J. Starkey, Poul Holm, and Michaela Barnard. Earthscan Publications Ltd, 2008. 223p bibl index ISBN 9781844075270. For **Choice** Magazine.

**2008.** A photographic guide to seashore life in the North Atlantic: Canada to Cape Cod. J. Duane. Princeton, 2008. 224p index afp ISBN 9780691133195. For **Choice** Magazine.

**2009.** Watersheds, bays, and bounded seas: the science and management of semi-enclosed marine systems, ed. by Edward J. Urban et al. Island Press, 2009. 269p bibl index afp (SCOPE, 70) ISBN 9781597265027. For **Choice** Magazine.

**2009.** "Life along the inner coast – a naturalist's guide to the sounds, inlets, rivers and intra-coastal waterway from Norfolk to Key West" by Robert Lippson and Alice Jane Lippson (University of North Carolina Press, 2009). For **Choice** Magazine.

**2010.** Marine hard bottom communities: patterns, dynamics, diversity, and change, ed. by Martin Wahl. Springer, 2009. 445p bibl index afp (Ecological studies, 206) ISBN 9783540927037. For **Choice** Magazine.

**2010.** "Fishes of the Open Ocean – A Natural History & Illustrated Guide" by Julian Pepperell, University of Chicago Press, 2010). For **Choice** Magazine.

**2010.** Manatee Insanity - Inside the War over Florida's Most Famous Endangered Species by Craig Pittman (University of Florida Press, 2010). For **Choice** Magazine.

**2011.** Ecosystem-Based Fisheries Management: Confronting Tradeoffs by Jason Link (Cambridge University Press). For Choice Magazine.

### **Conference Organization:**

**International Advisory Committee Member – 3<sup>rd</sup> International Oyster Symposium, Nov 2-4, Taipei, Taiwan.**

**Co-Organizer and Chair of the Scientific Committee. 8<sup>th</sup> International Conference on Shellfish Restoration, Oct 2-5<sup>th</sup>, 2005. Brest, France.**

### **Conference sessions:**

**Chair**, Marine Molluscs and Global Change, Physiomar 08, Brest, France, September 1-4, 2008.

**Chair**, Invertebrate Aquaculture session, Aqua 2006 conference (World Aquaculture 2006 Conference), Florence, Italy, May 9-13, 2006.

**Co-Chair**, Molluscs and other invertebrates Session, Aqua 2006 conference (World Aquaculture 2006 Conference), Florence, Italy, May 9-13, 2006.

**Co-Chair**, Shellfish Restoration Session. 98<sup>th</sup> Conference of the National Shellfisheries Association, April 2006, Monterey, CA.

**Chair**, Physiology, Ecology and Diseases of Shellfish. World Aquaculture, Bali, Indonesia. May 2005.

**Chair**, Shellfish-Ecosystem Linkages. 7<sup>th</sup> International Conference on Shellfish Restoration. Charleston, SC. November 17-20, 2004.

**Co-Chair**, Bivalve Habitat Suitability and Role of Bivalves in Ecosystems. National Shellfisheries Association Annual Conference, Mystic, CT. April 2002.

**Co-Chair**, Oyster Reefs and Restoration. National Shellfisheries Association Annual Conference, Mystic, CT. April 2002.

**Co-Chair**, Bivalves and Environmental Management. Aquaculture 2001, Orlando, FL. January 2001.

**Co-Chair**, Environmental and Anthropogenic Influences on Shellfish. National Shellfisheries Association Annual Conference, Seattle, WA. March 2000.

**Co-chair**, "Shellfish-microbe interactions: ecological and human health perspectives". session, National Shellfisheries Association Annual Meeting, Halifax, Canada, April 18-22, 1999.

**Co-chair**, "Toxic effects and Shellfish" session, National Shellfisheries Association Annual Meeting, Fort Walton, Florida, April 20-24, 1997.

**Panels and committees:**

Advisory Board, Florida Institute of Oceanography, University of South Florida, FL.

Member, Steering Committee, World Oyster Society.

Delegate, Florida – U. K. Global Climate Change Forum, July 12-19, 2007, London, U. K.

Panel Member (twice) – Ecology and Oceanography of Harmful Algal Blooms (ECOHAB) program (by EPA / NOAA / NSF).

Panel Member - United States Department of Agriculture – Aquaculture Division (SBIR).

Institutional Host (for FGCU) – Florida Coastal Ocean Observing System Consortium.

Chair, Comprehensive Everglades Restoration Plan, Restoration Coordination and Verification, Northern Estuaries Subteam and Northern Estuaries Integrated Assessment Team Oyster module (2004 – Present)

Caloosahatchee Estuary Conceptual Model Workshop, South Florida Water Management District, Invited scientist, Fort Myers, FL. January and July 2000.

Member-at-large. National Shellfisheries Association (2000-2003).

Judge for student presentations in Annual National Shellfisheries Conference (1997 - Present)

Co-chair, Endowment/Student Awards Committee, National Shellfisheries Association (1998-Present)

**UNIVERSITY SERVICE:  
Florida Gulf Coast University**

University Service:

*College-wide*

- \* Member, Environmental Sustainability Committee (2009 - ).
- \* Chair, Whitaker Eminent Scholar Search Committee (2008, 2009).
- \* Deans' Representative – CAS Space Committee (2007 – 2010).
- \* Co-Chair, AB7 Planning Committee (2007- 2010)
- \* Member, Search Committee (School of Engineering) Environmental Engineering Program Director and Environmental Engineering faculty positions (2006-2007).
- \* Member, search Committee, (College of Health Professions, CHP) Assistant Director of Nursing position (2006-2007).
- \* Member, Search Committee (School of Engineering), Civil Engineering and Environmental Engineering positions (2005-2006)
- \* Member, Search Committee (CHP), Nurse anesthesia position (2005-2006)
- \* Member, Search Committee (CHP), Nursing and Graduate coordinator in Nursing positions (2005-2006)
- \* Member, Search Committee (CAS), Environmental Communication position (2005-2006)
- \* Member, CAS Graduate Curriculum Committee (2002 – 2004)
- \* Member, CAS Faculty Governance Team (2003)
- \* Member, Search Committee, Biotechnology Program Director, College of Arts and Sciences (2002-2003).
- \* Member, Task Force for teaching evaluations (1999-2000)
- \* Search Committee, Physics Faculty Position, College of Arts and Sciences (2000)
- \* Search Committee, 3 English Writing Instructors Positions, College of Arts and Sciences (2000)
- \* Search Committee, Biology / Biotechnology Faculty position, College of Arts and Sciences (2000-2001)
- \* Member, College of Arts and Sciences, Undergraduate Curriculum Committee (2000-2001)
- \* Reviewer, Ampersand (2000).
- \* Member, CAS Website Revision Taskforce (2000)

### *University-wide*

- \* Member, Environmental Sustainability Committee
- \* Member, Institutional Animal Care and Use Committee (IACUC; 2006-2009)
- \* Chair, IACUC (2005 – 2006)
- \* Member, Department Chairs / Assistant Associate Dean's Task Force (2005 – Present)
- \* Member, SACS Re-affirmation of accreditation Steering Committee (2003-2006)
- \* Chair, SACS Re-affirmation of accreditation, Library and Technology Team (2003 – 2006)
- \* Chair, Graduate Affairs Team, Curriculum Team (2002-2004)
- \* Chair, Grants and Research Committee (2001 – 2004)
- \* Member, Senate Leadership Team (2001-2003)
- \* Member, Institutional Animal Care and Use Committee (2001 - Present)
- \* Member, Technology Committee (1999-2002)
- \* Member, Book Store Committee (1999-2002)
- \* Member, Grants and Research Committee (2000-2001)
- \* Member, University Graduate Curriculum Committee (2000 – 2002)
- \* Member, Senate Leadership Team (2001-2002)
- \* Member, University Admissions Appeals Committee (2001-2002)

### *Other*

- \* Member, CAS Grade Appeals Committee
- \* Student Recruitment Team (Eagle Expo 1999-present)

### **Community Service**

- \* Guest speaker, Webelo Scout group (Nov 14, 2006) Cape Coral, FL.
- \* Advisor, Environmental Science topics for science fair projects, Imaginarium.
- \* Southwest Florida Watershed Council member.
- \* Judge, Florida State Science and Engineering Fair, Fort Myers, FL, April 2001.
- \* Volunteer, Calusa Nature Center and Planetarium, Inc.
- \* Judge, Collier Regional Science Fair, January 2000.
- \* Guest Speaker (Naples 4H Youth Group)

### **Virginia Institute of Marine Science, The College of William and Mary**

- \* Member, VIMS Awards Committee 1993-1994.

### **CRUISE EXPERIENCE:**

- 2001: R/V *Bellows*, Chief Scientist, Teaching Cruise-Marine Systems (OCE 1001C):  
Physical and biological characterization of continental shelf off southwest Florida.
- 2000: R/V *Suncoaster*, Chief Scientist, Teaching Cruise-Marine Systems (OCE 1001C):

Onshore-offshore trends in biological and physical oceanographic properties, Pine island Sound, Florida.

1988-1989: R/V *Gaveshani*, Scientific Staff. Investigation of pollution in the seas around India, Bay of Bengal, India.

### **Interviews**

Daily Press, Fort Myers, FL.  
Naples Daily News, Naples, FL  
ABC-7 TV  
NBC-2 TV  
Island Press – Sand Paper

### **Professional Development**

Attended Coastal and Estuarine Risk Assessment Forum. The College of William and Mary, Williamsburg, Virginia. July 20-21, 2000.

Attended Camps Leadership for Sustainable Innovation conference. Leesburg, Virginia. June 23-28, 2002.

### **COMMUNITY SERVICE:**

Volunteer, Calusa Nature Center and Planetarium, Inc. Fort Myers, FL.

### **Science Fairs**

Judge, Florida, State Science Fair, January 2001.  
Collier Regional Science Fair (Judge), Naples, FL, 2000.

### **PROFESSIONAL DEVELOPMENT AND LEADERSHIP TRAINING**

Harvard Institute of Higher Education's Management Development Program. 2009.

The American Conference of Academic Deans and The Phi Beta Kappa Society. Third Biennial Conference. Promoting The Liberal Sciences: Science As Liberal Education. October 25-27, 2007, Washington, D. C.

Florida Gulf Coast University Leadership Academy, March 2006, Fort Myers, FL

Chairing the Academic Department. American Council on Education, Feb 15-18, 2006. San Diego, CA.

Institute for Academic Leadership, Oct 10-13, 2004. Howey-in-the-Hills, FL.

Institute on Campus Leadership for Sustainable Innovation, Association of American Colleges

and Universities, 2002. Maryland.
